

GIBBONS LEAVES VIRGINIA PROPERTY TO O'CONNELL

Will of Late Cardinal Is Filed, Disposing of Personal Estate of \$100,000.

REMEMBERS HIS SERVANTS

In Private Memorandum, Left for Guidance of Executors, Designates Disposition of Certain Funds for Catholic Education.

[By Associated Press.] BALTIMORE, MD., April 4.—The will of Cardinal Gibbons was filed in the Orphans' Court today, disposing of a personal estate of about \$100,000.

To Bishop O. B. Corrigan, administrator of the Baltimore diocese, the late cardinal left \$50,000 of the cathedral and Rev. Eugene J. Connelly, chancellor of the diocese, is left the bulk of the late prelate's estate. Under a codicil drawn in November, 1919, all the property owned by the cardinal in Virginia and West Virginia is bequeathed to Bishop Denis J. O'Connell, of Richmond, Va.

In a private memorandum left for the guidance of his executors, he designates the disposition of certain funds for Catholic educational purposes in the archdiocese. Personal legacies ranging from \$2,500 to \$10,000 are given to his family and the servants of his household, also were specified in the memorandum.

quate guarantees, to surrender immediately Western Hungary to Austria and to suppress the irregular troops in that region.

PLAN MEASURES NECESSARY IN EVENT CHARLES REMAINS

[By Associated Press.] BUDAPEST, April 4.—The military council of the republic, consisting of forty officers of the highest standing under the presidency of Admiral Horthy, the regent, discussed late Saturday night measures which might be taken in the event of the presence of former Emperor Charles in Hungary.

"I look on oath to maintain the Constitution, and I will not break it," said the regent, in addressing the council. "I will not allow Hungary to be divided into two parts, the one under the regent and the other under the emperor."

The members of the council then took an oath of loyalty to the regent. The troops of the local garrison renewed their oath of fidelity to the Constitution this morning. Two airplanes appeared over the suburbs of Budapest today, dropping portraits of the former emperor and King Charles IV. The Minister of War, General Károlyi, declared to the correspondent, "Charles gave his word of honor to Regent Horthy that he was leaving the country and now is looking for a pretext to stay. But we have no intention that he will be removed, even against his will."

There is much speculation as to how the former emperor can be forced to leave Hungary. It is said that the former emperor has been forced to leave Hungary because he is not Magyar will touch him. He is forced to leave because he is not Magyar will touch him. He is forced to leave because he is not Magyar will touch him.

G. O. P. LEADERS WILL NOT HURRY ACTION ON RAIL

(Continued From First Page.)

Republican Senate leaders and Senators Watson of Indiana and Brewster of Connecticut, both prominent in Republican legislative management, held extended conference.

During the day the British and American, six American and British, met at the White House and at which it was said the visit was one of courtesy, the two held an extended conference.

The question of declaring peace resolution has been discussed in a session among officials here regarding the visit of Rene Viviani, French Premier, but it was not decided tonight what part the advice of the allied governments might have played in influencing a decision. Those associated with M. Viviani reportedly have denied that the real purpose of his appearance here was to plead that there be no compromise peace but he is known to be hopeful that the peace settlement may provide for some sort of cooperative movement with the allies. It is taken for granted that he has urged these views in his conversations with American officials.

SOUTHERN BANKERS TAKE STEPS TO AID COTTON INTERESTS

(Continued From First Page.)

The War Finance Corporation so that their activities would not be curtailed by lack of money. Organization of export corporations under the cotton-pioneering and edge acts also was urged upon the bankers. Secretary Hoover especially indicated that in his belief the cotton interests should under these two acts and with the assistance of the War Finance Corporation be able to establish a successful export trade.

Suggests Cotton Warehouse. Secretary Mellon suggested warehouses depositing of cotton and some other nonperishable products, on which loans might be obtained from the government as a means of enabling the producers to continue operations. He said the cotton producers had resorted to that plan when they were confronted with no market for their mine output. Money borrowed on the warehouse receipts was being used, he explained, to keep the mines running, in the hope that eventually a market would be available for the stored stocks. Several bankers urged a reduction in cotton acreage until the world consumption catches up with production. This brought from Governor Harding the assertion that there was an actual overproduction, but a decrease in the buying power of the European states, which was the cause of the cotton market.

Many in Attendance. A gathering of cotton interests to study the local situation, and include Robert F. Maddox, Atlanta; D. M. Armstrong, Memphis; Nathan Adams, Dallas; Charles L. Claiborne, New Orleans; and Richard L. Manning, Columbia, S. C. Those named on the committee, bankers attending the conference today were Tom O. Smith, Birmingham; A. C. Pittman, Helena, Ark.; J. S. Reese, Pensacola, Fla.; John K. Otley, Atlanta; Archibald K. Kinsman, New Orleans; H. Saunders, New Orleans; Oscar Newton, Jackson; Miss. Fostis J. Wade, St. Louis; H. C. McGowan, Wilmington, N. C.; N. Piske, Muskogee, Okla.; R. G. Rhett, Charleston, S. C.; J. R. Matthews, Columbia, S. C.; T. H. Preston, Chattanooga, Tenn.; John T. Scott, Houston, Texas; and R. E. Harding, Fort Worth, Texas.

WILL CONFER TO DISCUSS EXPANDING U. S. TRADE [By Associated Press.] WASHINGTON, April 4.—Announcement was made tonight that Secretary Hoover will begin tomorrow a series of conferences with a committee of five from the United States Chamber of Commerce to consider methods for expanding American trade, both foreign and domestic. The members of the chamber's committee, which was appointed at Mr. Hoover's request to cooperate in working out a plan for closer relations between business and the Department of Commerce, were announced tonight as follows:

A. C. Bedford, New York, chairman of the board of directors of the Standard Oil Company of New Jersey; George J. Smith, New York, president of the Royal Typewriter Company; John H. Fahey, Boston, Homer L. Ferguson, Newport News, Va., president of the Newport News Shipbuilding and Dry Dock Company, and Philip H. Gadsden, Philadelphia, president of the American Electric Railway Association.

GREAT BRITAIN MAY EMPLOY MILITIA TO END COAL STRIKE (Continued From First Page.) of the mine owners' proposals. By their present attitude, the newspapers say, they are only playing into the Premier's hands.

The British government is most anxious to probe every suggestion in order to see if a solution of the coal strike might be found, the Prime Minister, Lloyd George, told the House of Commons today in answer to a question concerning the coal strike.

The Prime Minister declared he was fully alive to the importance of giving every assistance possible, and said that he hoped within twenty-four hours the Commons would have an opportunity to discuss the question fully. This was the only information growing out of the early session of the house today, although a debate of the coal strike had been expected.

While the labor leaders were meeting informally to discuss with the other labor organizations should throw in their lot with the miners and force the issue. The press still is clinging to the hope that peace negotiations will be instituted in time to prevent a general stoppage and solve the miners' dispute.

PREMIER ANSWERS SIMONS' NOTE: U. S. UPHOLDS ALLIES

(Continued From First Page.)

settled in other parts of France, and the work of clearing the war areas "has been undertaken by influential groups of promoters who are making no effort to expedite the performance of their contracts."

In Form of Memorandum. The German memorandum is in the form of a memorandum of Dr. Walter Simons, Minister of Foreign Affairs, dated March 23, and transmitted through American Commissioner Drexel, at Berlin, who has had informal conversations with the German government on the subject for some time. The American reply is officially termed a "statement" sent to Commissioner Drexel for communication to Dr. Simons. It is dated March 29, and follows:

Hughes' Note. The State Department issued the following statement: "The Secretary of State instructed the American Commissioner at Berlin to make the following statement to the German Minister for Foreign Affairs: 'The American government is pleased in the informal memorandum of Dr. Simons at the unequivocal expression on the part of the German government of its desire to afford cooperation up to the limit of its ability to pay. This government stands with the governments of the allies in holding Germany responsible for the war and therefore morally bound to make reparations, so far as may be possible. The recognition of this obligation, implied in the memorandum of Dr. Simons, seems to the government of the United States the only sound basis on which can be built a firm and just peace under which the various nations of Europe can achieve once more economic independence and stability. This government believes that it recognizes in the memorandum of Dr. Simons a sincere desire on the part of the German government to reopen the negotiations with the allies on a new basis and hopes that such negotiations once resumed, may lead to a prompt settlement which will at the same time satisfy the just claims of the allies and permit Germany hopefully to renew activities.'

TROOPS NOT TO GUARD GEORGIA COURTHOUSE

[By United Press.] COVINGTON, GA., April 4.—State troops will not be on duty when John S. Williams, proprietor of the alleged "death farm" in Jasper County and accused by the State of planning the murder of eleven negroes, is placed on trial here tomorrow.

Judge John B. Hutchinson, who will preside, settled rumors today that troops would guard the little courthouse. "I feel that it is unnecessary to ask for troops," said Judge Hutchinson.

SLEUTHS IN BERGDOLL CASE REACH COBLENZ WASHINGTON, April 4.—Frank Zimmer and Carl Neuf, the two Americans who attempted to capture Grover Cleveland Bergdall, in Germany, were released from prison by German authorities at 5 P. YOUTH STICKS TO STORY OF SWEETHEART'S DEATH

[By Associated Press.] CORUNNA, MICH., April 4.—Forest Higgins, held on a murder charge in connection with the death of Lucy Whittem, his 19-year-old sweetheart, reiterated today that he had told the entire truth when he described how the girl swallowed poison on learning their contemplated elopement was to be postponed.

Higgins was questioned further here this forenoon by Prosecuting Attorney R. E. Mathews. "I have told the absolute truth, and there is nothing more to tell," he informed the prosecutor.

Dr. W. T. Parker, who examined the girl's stomach, announced that it disclosed sufficient poison to have caused her death within five minutes. Officers are convinced, as a result of the physician's examination, that Miss Whittem could not have been alive when found by two Grand Trunk switchmen along the railroad tracks that pass through the Higgins farm.

The inquest is to be held tomorrow at Durand. Arraignment of Higgins on the murder charge was held in abeyance this morning pending a consultation between Prosecutor Mathews and counsel engaged for the youth by his father.

WILLIAMS-M'FADDEN SUIT DISMISSED IN COURT

[By Associated Press.] SCRANTON, PA., April 4.—The long-drawn-out suit between Representative L. T. McFadden and John Skelton Williams, former Comptroller of the Currency, ended here today, when Judge C. B. Witmer, in United States Court, dismissed the suit brought against Williams by the First National Bank of Canton, in which the bank sought to enjoin the comptroller from demanding alleged unnecessary statements and examinations.

Recently Williams was replaced in office and Judge Witmer held that since there is no longer a comptroller there is no need for an injunction. Representative McFadden is president of the bank.

For years he fought for the abolition of the office of comptroller, and it was alleged that it was because of personal animosity toward McFadden that Williams ordered the frequent examinations.

2 MEN INJURED IN BLAST IN NEW ORLEANS GAS PLANT

NEW ORLEANS, April 4.—The pressure at the gas plant of the New Orleans Railway and Light Company today forced gas into contact with blast flame, wrecked four out of 10 turbine blowers and left New Orleans with one day's supply of gas.

Company officials were doubtful to whether the damage could be repaired in time to supply even a small amount of gas to the city when reserve supply gave out. Two men were injured and considerable damage was done to surrounding property. Damage to the plant was estimated at \$25,000.
